

## Windows 98 will be obsolete in 2 Weeks

Helpdesks will insist that you are on a current Operating System before supporting you.. This will slow your business down and can become a logistical nightmare.

We can assist in migrating your computers to a current and supported Operating System thereby ensuring you have continuity of service...

To make your upgrade more affordable, we are offering a special on Microsoft Windows XP Professional while stocks last

MSRP \$325  
On Promotion for \$199
